

# KADOORIE CENTRE • FOOD HUB

Located at HKU Kadoorie Centre at Shek Long, Food Hub is a collaborative project between The University of Hong Kong and Kadoorie Farm and Botanic Garden to provide whole food experience and food education. Adhere to sustainable living principles, we strive to minimize the carbon footprint of all meals we serve, and maximize the educational, social and environmental benefits of all food we consume. The Food Hub sources fresh produce from local, organic farms, which means the menu changes with the seasons. Please take this leaflet as a reference about our meal and we will provide an up-to-date menu once we have received your meal ordering request.
